

My husband and I have both enjoyed not having to deal with telemarketers, which is why we signed up for New Jersey's very strict Do Not Call list. It's the best thing ever. I work two jobs and the last thing I want to do is to be interrupted in the few minutes I have at home by a telemarketer of ANY kind, whether I've done business with them in the past or not.

If I want to purchase something, I can always call them or visit them on-line or in person.

Please do not change New Jersey's Do Not Call List!
